## PRESS RELEASE

*Arch villains, a mind-reading lunatic and the hunt for a highly covetable mythical object, follow the exciting escapades of Charlie Watkins in this fantastic new YA adventure series.*

Twelve-year-old Charlie Watkins could have inherited his dad's massive intellect. Instead he got his massive feet. Perhaps if Charlie had that intellect he might have been able to figure out why so many men in suits were suddenly following him, or where his dad hid the Cubit — a mythical object that men have sworn to protect and even more have died trying to possess — before his so-called accident.

If starting yet another new school wasn't bad enough, Charlie meets Mr Leopold, a disfigured, mind-reading lunatic and discovers that he alone must find the Cubit if he is to save his dad. However, the dark and sinister organisation known only as The Brotherhood,

have other ideas. Led by the ruthless Draganovic, they will stop at nothing to get their hands on this covetable object. With the help of Mr Leopold and fellow new boy Elvis, Charlie sets out on **The Cubit Quest**.

Hunting for the Cubit, playing football, lessons with the dreaded Funeral Face and unsuccessfully avoiding school bully Grimshaw by day, Charlie finds his nights no less complicated. Stalked in his dreams, he's soon immersed in a world of power struggles, battling dragons and duels to the death. With the Brotherhood hot on his heels and as the bullets begin to fly, there are no guarantees that Charlie, or anyone else, will make it to the end in one piece.

Fast-paced, fun and whose twisting plot sends the reader on a roller-coaster ride alongside Charlie to find the Cubit, Trevor Leck's debut novel — **The Cubit Quest** — is set to deliver shocks, highs, lows, laughter, sadness and imagination. The perfect next read for YA fans looking for their next exhilarating series.
