

## FIX: Sex, Lies and Banking

By Lily Temperley

### PRESS RELEASE

*Anonymous banker-turned-author reveals how dangerous culture of money, power and sex drives London's City traders in this scandalous debut based on her own life.*

Playboy investment banker and eternal bachelor, Patrick Harrington, is a living cliché: wealthy, wildly successful and outrageously good looking. What nobody knows is the truth about Patrick; he's a high-functioning addict who craves his next thrilling fix. His ferocious vices jump between money and sex, from taking daredevil risks at work to pursuing illicit and multiple conquests with various disposable women. When a beautiful ingenue, Alexandra Fisher, joins his office, she doesn't stand a chance, falling for him quickly and irredeemably. When Patrick receives an envelope full of damning photographs along with an anonymous threat he will stop at nothing to discover who is trying to ruin him and the life he has worked so hard to build. As his paranoia takes over, even Alexandra comes under scrutiny. Drawn into Patrick's underworld of deception and depravity, Alexandra soon becomes embroiled in a game without rules, learning that love can make you crazy and that playing with fire can burn.

Based on the real-life experiences of its author, **Fix: Sex, Lies and Banking** delves headlong into the high-octane world of international banking to reveal the warped personalities, the selfish passions and the thirst for success at any cost that help make London the banking centre of the world. Writing under a pen name, Lily Temperley has been a fully fledged member of this highflying business community for over a decade, and the novel is based on what she has witnessed and experienced, both in and out of the boardroom and on numerous first-class business trips. Serving as both delicious entertainment and a stark warning to women working in the City, Temperley reveals how greed can pervert our sense of right and wrong, how people and relationships can be used solely for gain and how those with power can easily be corrupted. **Fix: Sex, Lies and Banking** is the perfect hit for fans of the *Belle de Jour* real-life genre as well as both romance and contemporary women's fiction.

**About the Author:** After fifteen years living and working in London Lily Temperley is now based in a exotic location. Lily counts herself a part of the scandalous corporate machine whose sordid social misdemeanours she has taken as inspiration for her writing. **FIX: Sex, Lies and Banking** by Lily Temperley (published by Clink Street Publishing, RRP £7.99 paperback, RRP £2.99 ebook) is available online from retailers including [amazon.co.uk](http://amazon.co.uk) and can be ordered from all good bookstores from 7th November 2014.
